About the Institution

St. Cyril's College, situated on the Cyril's Mount, yearns to impart wisdom and knowledge to those who seek it, thereby bringing an immense impact on society. The college is founded by the Late Lamented His Holiness Mathews II to propagate education and enlightenment to the community.. The College started in November 1981 as a Junior College affiliated to the University of Kerala. The College is recognized under section 2(f) and 12(B)of the UGC Act of 1956. It had gained the Minority Status in 2011. The college offers Post Graduate courses in Physics, English and Degree courses in Chemistry, History, English, Economics and Commerce. In the year 2012 the college was accredited by NAAC with 'B' grade. It is one of the Malankara Orthodox Colleges established and administered by the Malankara Syrian Orthodox Church, Adoor -Kadampanad Diocese in accordance with the rights of the minority community guaranteed in the constitution of India. The college got B Grade with a grade point of 2.2 in the second NAAC assessment on November,2019.

St Cyril's College has made an indelible impression in the rural background it is placed, touching and moulding the lives of many. It is located in Kilivayal, Adoor a rustic vicinity remote from the humdrums of urban lifestyle. The institution with its humble beginnings tries to impart education to the less advantaged students in the society. The Management and Staff of the college is engrossed in the overall achievement of its students and is obligated to help them achieve the same. The college seek for a sustainable development of the community as well as the college fraternity.

Our Vision

An educated, spiritually enlightened community can eradicate ignorance and evils in the society

To become a centre of excellence in education to create a supportive and caring environment for the staff and the students and be responsive to the needs of the community.

Our Mission

To mould its students to be preservers of noble human values unselfish in their service to fellow beings , seeking, acquiring and applying knowledge to alleviate human suffering and be rooted on firm principles.

Uplifting women through higher education and bringing them into the main stream.

Governance, Leadership and Management

The governance, leadership and management of St Cyril's College is reflective of the development and growth of the institution into a centre of academic excellence as envisioned in its vision and mission. The college thrives for the all- rounded development of the students and the community aiming towards a sustainable environment for the future. The college through its smart classrooms , skill based programs ,video learning, encapsulating online learning into the offline classroom mode; create an inducive learning environment for the students.

Highlights of the Year

- New Principal : Dr Susha D, Associate Professor, from Catholicate College, Pathanamthitta took charge as the Principal of the College under the benediction and grace of the Manager Thirumeni.

- Environment Day: Even though the college was with minimal staff and undergoing online teaching the responsibility towards nature was expressed by planting sapling by the new Principal, Dr Susha D, NSS officer Ms Shiny Kochummen.

- Transition to the online mode

There was a changeover in the educational pattern due to the uprising of the covid pandemic and teachers and students switched to the online mode. The college faculty trained themselves to tackle the situation and reach out to give the students the complete learning experience. Online mode of teaching was carried out using meet, google classroom, recorded sessions and classes through YouTube channels.

6.	B.Sc Mathematics and Computer Applications	Double main	
	Post Graduate Programmes		
7.	M.Sc Physics	Optional subject : Electronics	13
8.	MA English		20

- Teaching Learning Techniques used
During the covid -19 pandemic , education systems worldwide had to adapt rapidly to ensure continuity of learning despite widespread institutional closures and social distancing measures. Several teaching

and learning techniques emerged or gained prominence during this period.

- Online learning platforms : Our college adopted platforms like Google classroom, Microsoft teams and zoom to facilitate virtual classrooms. These platforms supported live lectures, assignments, quizzes and discussion forums.
- Blended Learning: Combining online and offline methods, students could access digital resources at home and occasionally attend in-person sessions if conditions allowed. This approach helped cater to students with varying internet access and learning styles.
- Pre-recorded lectures, educational videos, and self-paced learning modules were made available in Google Classroom so that students could learn at their own pace. This method provided flexibility for students dealing with different home environments and schedules.
- Live classes via video conferencing tools allowed real-time interaction between teachers and students, fostering a sense of community and immediacy.
- Digital Resources and Tools: E-books, online libraries, educational websites, and interactive simulations became essential resources.
- Social Media and Messaging Apps: Platforms like WhatsApp, Telegram, and Facebook were used to share information, resources, and assignments. They also facilitated peer-to-peer learning and support networks among students.
- Learning Management Systems (LMS):
Systems like Moodle, Blackboard, and Canvas provided comprehensive solutions for managing courses, tracking progress, and facilitating communication between educators and students.
- Professional Development for Teachers: - Teachers received training in digital literacy and online teaching methods to adapt to the new learning environment. Webinars, online courses, and collaborative platforms helped educators share best practices and improve their skills.
- Equity and Accessibility Measures:
Efforts were made to ensure that all students had access to the necessary technology and internet connectivity. The college provided devices, internet subsidies and alternative learning

methods like peer sharing and group study. The teachers of the Department of English provided a smartphone to a needy student. The Departments of Chemistry and Economics helped the students by recharging mobile data to attend online classes.

- All teachers were given Gsuite id and account to manage the online teaching and to collaborate the productivity in teaching methods.

These techniques highlighted the need for flexibility, innovation, and inclusivity in education, driving long-term changes in how learning is approached and delivered.

- Evaluation system and results

Department	No.of Students Attended	No.of Students Passed	Pass Percent age
MA English	16	15	93.75%
MSc Physics	12	9	75%
B.Sc Chemistry	22	13	59%
BA Economics	30	18	60%
B.Com	29	23	79.31%
BA History	48	15	31.25%
BA English	38	29	76.3%

- Scholarships

The institution recognizes the academic proficiency of students through the honour systems that include award, grants, scholarships, fellowships and freeships.

Name of the scheme	No.of Students benefitted by govt. scheme		No.of students benefitted by non-govt scheme	
	No. of Students	Amount	No.of students	Amount
Post Matric	23	Rs 23,000		

Scholarship for Minorities				
Central sector Scholarship	2	Rs 20,000		
Snehapoorvam scholarship	5	Rs 50,000		
Higher Education Scholarship	2	Rs 1,00,000		
Vidya Samunathi Scholarship KSWFC	16	Rs 96,000		
Suvarna Jubilee Scholarship	4	Rs 40,000		
Freeships -E-grants+KPCR	369	Rs 2585795		
Endowments			51	Rs 22,200

- Faculty Enrichment /Orientation Programme: The IQAC of the college coordinated an online webinar to overcome the issues of the pandemic and enrich our lives even in times of distress. It was a psychological counselling for the staff of the college to overcome the unfamiliar terrains of our life.

Research

- Research Guides and Scholars
The college is keen to develop research aptitude and the current academic year 3 Research Guides are sanctioned by the university.

Sl.no.	Name of the Research Guide	Department	University/centre
1.	Dr Susha D	Mathematics	Mahatma Gandhi University, Kottayam

2.	Dr Anoop Chandran	Physics	University of Kerala
3.	Dr Alen S	Physics	University of Kerala

 - Effective Business Communication, by Dr Susan Alexander and Ms Sowmya Mary Thomas, Cambridge University Press, 2020.
 - Dr John Major Thomas published a book on Investment Management, 2020.
 - Global Voices and Cultures edited by Dr Susan Alexander and Dr Nisha Mathew (along with Amith David and Shafana Shaffi); Oxford University Press, 2021.
- Faculty granted Ph.D.
 - Dr Soorya Anand, Assistant Professor, Department of Economics
 - Dr Smita Kochummen, Assistant Professor, Department of Commerce.

Extension Activities

Extension activities are crucial for students for several reasons: Extension activities often introduce students to new environments, perspectives, and opportunities, broadening their horizons and encouraging lifelong learning. It gives them a practical application of Knowledge. They help develop essential skills such as critical thinking, problem-solving, communication, and teamwork. These skills are highly valued in both academic and professional settings. The college always aims to provide a scholastic development of the students. NSS, NCC and the various club activities help students to enhance their social skills.

NSS organized Activities

The NSS unit 50 A & B of the college helps in fostering social development through student community. The National Service Scheme (NSS) is an Indian government-sponsored public service program under the Ministry of Youth Affairs and Sports. NSS aims to develop a sense of social responsibility, community service, and national integration among students. The main objectives of NSS are to enable students to understand the community, identify its needs and problems, and involve them in problem-solving activities. It also seeks to develop leadership qualities, a sense of civic and social responsibility,

and an attitude of empathy and concern for the weaker sections of society. NSS volunteers participate in a wide range of activities, including:

- Organizing blood donation camps.
- Conducting health, hygiene, and sanitation awareness programs.
- Undertaking environmental conservation projects.
- Helping in disaster relief operations.
- Assisting in literacy campaigns and education projects.
- Participating in national integration camps.

During the COVID-19 pandemic, National Service Scheme (NSS) volunteers played a crucial role in various activities to help communities and support the efforts to curb the spread of the virus. Here are some key contributions made by NSS volunteers during the pandemic:

1. Awareness Campaigns: NSS volunteers were instrumental in spreading awareness about COVID-19 preventive measures such as wearing masks, maintaining social distancing, and practicing hand hygiene. They used social media, public announcements, and distribution of pamphlets to educate the

public.

2. Distribution of Essentials: Volunteers helped distribute masks, sanitizers, and personal protective equipment (PPE) to frontline workers and the general public. They also assisted in providing food and essential supplies to vulnerable sections of society, including the elderly, daily wage workers, and migrant laborers.

3. Community Support: NSS units set up helplines to provide information and assistance to people affected by the pandemic. They helped in coordinating with local authorities to ensure the availability of medical facilities and supplies.

4. Online Education and Mental Health Support: With schools and colleges closed, NSS volunteers organized online classes and tutoring sessions for students. They also provided mental health support through counseling sessions and stress-relief activities to help people cope with the anxiety and stress caused

by the pandemic.

4. Special Programs: NSS also conducts special programs such as adolescent health issues, career counselling and advancement, leadership training, and participation in international youth exchange programs. These initiatives aim to broaden the perspectives of volunteers and enhance their personal and social skills.

Conclusion

The transition to online classes during the COVID-19 pandemic has been a challenging yet rewarding journey. Through the collaborative efforts of educators, students, parents, and administrators, we have successfully navigated the complexities of remote learning.

Our faculty demonstrated remarkable adaptability and innovation, employing diverse technological tools and teaching strategies to maintain high educational standards. Students, despite facing unprecedented challenges, showed resilience and dedication, engaging actively in their learning and achieving commendable academic outcomes. The experience has underscored the importance of flexibility and creativity in education, highlighting new opportunities for integrating technology into our teaching practices beyond the pandemic. As we move forward, the lessons learned during this period will serve as a foundation for future educational advancements, ensuring that we continue to provide inclusive and effective learning environments for all students.

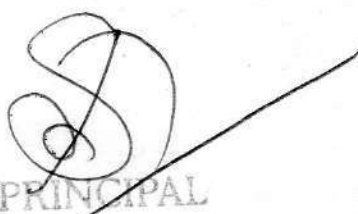

Overall, the successful completion of online classes amid COVID-19 has been a testament to our community's strength, adaptability, and commitment to education. We are proud of what we have accomplished together and remain optimistic about the future of our educational endeavors.
